Giveaways: Who doesnt love a good old fashioned giveaway? Ill be giving away crypto during the year, either through Twitter, Reddit, or my email list. Im still figuring out the details, but aim to give away around \$100 a month in crypto.

So I lately invested in cryptos as a long term investment, but soon realized that there is massive potential for day trading as well. If someone starts trading with \$1,000 and makes 1% profit per trade (which is not even that much in crypto - it happens multiple times a day on most coins, even in the current crash), all someone really needs is 700 trades due to the power of compound interest.
