Come December and the Reserve Bank of India (RBI) could be rolling out a pilot for India's very own digital currency, an innovation that is tipped to change how currency is held and used in the time to come. To be sure, the idea is not to replace physical money, or replicate cryptocurrencies.

RBI and digital currency. RBI had said central banks are exploring DLT (Distributed Ledger Technology) for application in improving financial market infrastructure, and considering it as a potential technological solution in implementing central bank digital currency (CBDC). Sources indicated the government is open to supporting a central bank-backed digital currency.
