Wealthsimple Crypto Review for Canadians (2022 Updated)

In terms of investing, SKL is a very long term play. MATIC circulating supply is 10 times higher (5 billion) than SKL (564 million), but price ratio is just 2:1. Just from that I would say SKL has a better potential. But that's just pure speculation at this point from my side.

They also have a famous crypto influencer as a part of their team, Mr. Francesco Facchinetti, that has more than 1 million followers among all the social networks and shills the coin every day. CATGE has reached 5 million market cap in 4 days growing 200% a day, has a heavy marketing budget and top influencers already shilling it.
