In the table are several different exchange types that can be used as a filter. There are well over 1100 exchanges to choose from. We have included all platforms and protocols that can be used to exchange crypto to crypto, crypto to fiat or other ways to put your fiat or crypto holdings to work in the evolving and innovative blockchain space.

The good thing about crypto trading is that you are not required to maintain a required minimum amount of deposit in your wallet. The transaction fee, more often than not, is deducted as a percentage of the amount of your initial capital. This is why you do not have to be bothered by the investment money required in crypto trading.
