CEX.io stands as one of the safest and most reputable crypto exchanges. While their fees might not be as low as those of Poloniex, for example, the platform surely ticks the best part of our criteria. They also have fantastic customer support and take security issues very seriously which lands CEX.io a spot on this list.

IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .

eToro offers a wide range of cryptocurrency trading pairs. With so much development going on in the blockchain space, it can be hard to see through the hype and find the long-term winners. Thats.

You can predict cryptocurrency prices by considering both on-chain and off_chain metrics, as well as technical indicators that take into account Polkadots past price performance. Another tool you can use is to gauge the market sentiment to see whether investors are optimistic or pessimistic about Polkadot.
