The Four-Week Rule This is arguably one of the simplest and most effective Forex trading techniques. This simple Forex strategy was created by Richard Davoud Donchian, an Armenian-American commodities and futures trader. This system is totally mechanical (and based upon the breakout philosophy discussed above) and consists of just one rule:

As you can see, we have all the components of a good forex trading system. First, weve decided that this is a swing trading system and that we will trade on a daily chart. Next, we use simple moving averages to help us identify a new trend as early as possible. The Stochastic helps us determine if its still ok for us to enter a trade after a moving average crossover, and it also helps us avoid oversold and overbought areas.
