IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .

Does Binance report to the IRS? Binance, a Malta-based company, is one of the most popular crypto exchanges in the world. However, it is no longer serving U.S.-based traders, so Binance does not report to the IRS. instead, it operates a separate site for Americans traders: Binance.US. Nevertheless, U.S. traders should absolutely include original Binance.com records in their crypto capital gains and capital loss tax calculations.
