KIN has one major advantage over all other cryptocurrency projects: its parent company KIK has a huge active user group already in place, which is a huge plus for the coin in terms of usage. There are several social media blockchain startups, but none of them have large user bases, or even a working product at this time.

Multiple trade options. Coinbase Pro offers more control over your cryptocurrency trading, giving users access to multiple trade options. Stop orders allow users to set a sell price to limit their losses. Limit orders allow users to set a buy point if they think a cryptocurrency will drop in value, letting them purchase at a lower price.
