Before we go any further, let's understand what we mean by centralized and decentralized exchanges. Centralized and Decentralized Exchanges Centralized Exchange - Every exchange of this type has their own order book which receives and reviews all trade orders and matches them accordingly using their own software and servers. In short, the order is processed by an internal closed system. Decentralized Exchange - Naturally

The difference is that centralized exchanges can offer much higher rates than a bank. For example, on Gemini, you can get up to 8.05% on your crypto, blowing banks out of the water. Centralized exchanges are able to pay high interest rates by lending customer assets in custody to borrowers. What are decentralized crypto exchanges?
