

Alternative ways of trading indices While CFDs offer an easy way to trade indices, its worth pointing out that there are other ways to trade indices on eToro. One alternative to trading CFDs is trading exchange-traded funds (ETFs). ETFs are investment funds that are designed to track the performance of a particular index or asset.

CFD trading is a method that enables individuals to trade and invest in an asset by engaging in a contract between themselves and a broker, instead of acquiring the asset directly. The trader and the broker agree between themselves to replicate market conditions and settle the difference between themselves when the position closes.
