IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .

The easiest and most common approach for beginning investors to get exposure to stocks is through the stock market. Investing in stocks is simply purchasing small shares of ownership in a publicly-traded company. By investing in these modest shares, you're hoping that the firm will grow and prosper in the long run, which is the aim.
