Per WalletInvestor's Dash crypto price prediction, Dash is not the best option for long term investment, but it's quite good. While they don't expect its price to go significantly higher, they predict that it'll take out the immediate high at \$400 in 2022 and that Dash's future price will increase to over \$500 in 2026.

Overall, this Dash coin price prediction tells us that the price of this innovative and high-speed altcoin has the potential to surge by up to 1000% in value from its current price and potentially more in the next few years. Dashes wild but positive price history tells us that anything is possible. News about Dash coin
