Bitbuy is by far the most established cryptocurrency exchange in Canada (as well as being the first regulated crypto marketplace in Canada) and has some features that none of its competitors do, which is why it takes our number 1 spot. Bitbuy has separate systems for basic traders (Express Trade) and more experienced traders (Pro Trade), making it perfect for beginners who just want to hop on and purchase some crypto.

Such glitches should not be present in any system. Of course, Coinbase have so many customers they only need to scam a small proportion to make easy money. So signing up to Coinbase is a gamble, chances are you will be ok but for, say 1% of customers, your account will be chosen to be emptied and you can kiss you fiat and crypto goodbye!

Fomo Baby is a crypto token backed by the Binance Smart Chain blockchain. It utilizes the rebase mechanism by employing mathematical programming. This mechanism reduces the token circulating supply when its value reduces in the market. As a result, its net value in the users wallets remains constant, despite price fluctuations.
