Recurring Buy Reward Scam by Coinbase Just leaving this here as a warning for everyone looking into the Recurring Buy Reward promoted on your coinbase.com account. Coinbase is actively scamming people on this promotion. They WILL NOT payout the promised reward, all the while charging outrageous fees to use the Recurring Buy feature.

Coinbase doesnt need continuous access to the account, it just needs the account and routing info from Plaid and their verification everything lines up. When you change the password on the banks site, both they and Plaid will lose access. Youll still be able to move funds and all that.

Recurring buy reward immediately not worth it I have been intrigued by Coinbase's recurring buy feature that advertises "By investing the same amount on a regular basis, you buy more crypto when the dollar value is lower, and you buy less when the dollar value is higher. Over time, the investment costs average out."
