IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .

WOO Crypto Risk Gauge Analysis. What this means: InvestorsObserver gives WOO Network (WOO) a medium risk rank. This means the price of the cryptocurrency can move pretty quickly, but it is relatively in proportion to the value of the WOO Network being traded. A medium rank means the price can still move around a lot, but the price is less likely to be manipulated and big moves will likely mean increased interest in trading WOO Network.
