Coinbase stealing money? So I sold the last of my bitcoin a few days ago account value was at 4745. Then I only recieved 3900 after selling 4200 dollars of bitcoin.

Coinbase lied to me when saying they got request from me but they could not to prove it so far. For your information: if someone is stealing your money, he will never send any request because to get approval he must verify his location, 2FA phone, send a link for a LinkedIn account, send a Bank Statement and it takes about 2-4 days. I asked Coinbase send me all verifications for that request, but they could not provide me with any.
