Coinbase makes no representation on the accuracy, suitability, or validity of any information provided. Coinbase is not registered with the U.S. Securities and Exchange Commission or the U.S. Commodity Futures Trading Commission. Information on this page is intended for and directed to customers in the United States only. Coinbase fees may apply.

Bittrex trading fees are relatively low. The usual charge for each trade is 0.25%. While this percentage might be a little higher than some other exchanges, such a fee makes transactions for new traders much simpler when compared to other exchanges. Another key feature that makes Bittrex one of the best exchanges in the market is its speed.

So I lately invested in cryptos as a long term investment, but soon realized that there is massive potential for day trading as well. If someone starts trading with \$1,000 and makes 1% profit per trade (which is not even that much in crypto - it happens multiple times a day on most coins, even in the current crash), all someone really needs is 700 trades due to the power of compound interest.

COTI pay can process every kind of payment type, both in terms of online payments as well as offline ones. This includes crypto and stablecoins, as well as credit cards and even native coins. It has built-in financing to boot, with interest earned on deposits and loans. This also connects with the white label payment network.

I would not trade here. The reason a lot of us U.S. traders left despite loving the site is because the "PSA they put out to cover their asses" gives them the ability to close any account they realize is connecting from the U.S. and force you to send proof you aren't from the U.S.
