Can I mine directly to my exchange account or coinbase wallet?

From Binance to Ledger In order to send from one address to another, the first thing you need to know is the address that you want to send the coins to. For this you need to connect your Ledger and go to Ledger Live. There you need to click the receive button so that you would see the address, you will need a Ledger Live account for this as well.

The mining pools current target threshold for accepting shares. (For solo miners, this is the network target.) Using the transactions received, the mining software adds a nonce to the coinbase extra nonce field and then converts all the transactions into a merkle tree to derive a merkle root it can use in a block header.
