TradingView is not a broker but rather a charting platform showing you the world wide access to market data under the form of charts. I must say it is one of the best and most seamless charting platform I have ever seen. You can also make an account there and customize the chart to apply your method of analysis.

Saturna is your big chance to actually be early on the next token to make the newsroom rounds so you can brag about how you werent just a first adopter to cryptocurrency, but knew where to find the best gains.
