Binance commands a huge share of the crypto exchange market, boasting nearly 8 million users and counting. The site is so popular, its previously had to temporarily halt its acceptance of new users so it could update its infrastructure to accommodate the surge in traffic. Because the sites visitors continue to increase in number, you may want to have another exchange up your sleeve in case of another temporary ban in new users.

With an exchange like Binance, the primary risks are factors outside your control. Binance could rugpull and disappear with all the funds on the exchange. Trading exchanges could be blocked in your country and you&#39;d lose access outside VPN and stuff.

In short, here in July 2021, trading crypto without fees generally means either using a platform like Robinhood where selection and functionality are limited or meeting extra requirements like with FTXs 25 FTT requirement. Meanwhile, trading for low fees means picking an exchange like Binance and then taking part in the discounts.
