Copy trading is the trading methodology whereby investors across financial markets can automatically open positions and execute trades in accordance with the portfolio of another selected entity or individual in the market. It can either be automatic or manual depending on how the individual would like to approach copy trading.

Online cryptocurrency wallet with multi-cryptocurrency accounts. Securely store, easily receive or send and quickly exchange your bitcoin, ethereum, litecoin and other cryptocurrencies.

The goal of copy trading, like regular trading is to open positions on various financial markets including FX, CFDs on Stocks, Commodities, Indices and Cryptocurrencies, and then to close the position, hopefully once the value of the asset has moved higher. Although, much like trading for yourself, here you can also incur losses too.
