The financial services provided by this website carry a high level of risk and can result in the loss of all of your funds. You should never invest money that you cannot afford to lose. Please ensure you read our terms and conditions before making any operation in our trading platform.

Margin trading is when you buy and sell stocks or other types of investments with borrowed money. That means you are going into debt to invest. Margin trading is built on this thing called leverage, which is the idea that you can use borrowed money to buy more stocks and potentially make more money on your investment. But leverage is a double-edged sword that also amplifies your risk.

Margin Trading Definition: Online Trading with margin is the actual trading with borrowed capital. This borrowed capital is lent by the broker and it is available to the trader, who must deposit a margin. The trader can, therefore, trade more capital on the financial markets than he actually owns. Higher profits and losses are thus possible.

CryptoWisser expects the development of the industry to provide a platform for the ecosystem to grow and serve these various use cases. In terms of logistics, supply chains would benefit greatly from NFTs transparency, serving as a source of validity and reliability for goods.
