Several banks have closed customer accounts for their involvement in cryptocurrency. PNC Bank appears to be on this list as well as we speak. They are actively calling up customers to make them clarify Bitcoin purchases. It is evident buying Bitcoin through a bank account has always been problematic. Using a centralized exchange means users need to send wire transfers to buy cryptocurrency.

The representatives of Coinbase and PNC Bank haven't revealed all the details of the deal yet. More information about their cryptocurrency project is expected to be unveiled within the next months. With this, PNC Bank will be able to expand its investment portfolio for clients interested in cryptoassets.
