Normally, US markets are open from 9:30am ET until 4pm during normal business days, except on certain holidays. However, different assets have different opening and closing times. For example, cryptocurrencies are traded 24 hours a day, 7 days a week. Currently, in the United States, you may only place and execute market orders on US stocks and ETFs during market trading hours.

Crypto OTC trading is a way of exchanging cryptocurrencies, between buyers and sellers, usually with large orders that are handled most often by a third party. It can happen between one person and another only (P2P), but usually, this is done via specified platforms to oversee that everything is getting executed correctly.
