Coinbase raises Series E round of financing to accelerate the adoption of cryptocurrencies. At Coinbase, we believe that cryptocurrencies and the technologies that power them represent a breakthrough in computer science that will change both the internet and the global financial system for the better. We see tremendous promise in crypto to build the next great phase of the internet (often referred to as Web 3), which has the power to put control back in the hands of consumers, unleash a new .

Coinbase Ventures has a core early-stage investment practice with investments from \$100,000 on the low end up to \$3 million. Its intent is to be part of the first institutional round. We want to see more company formation, because we think that more companies in the space, experimenting with various business models on these crypto protocols, is going to accelerate innovation overall, Aggarwal said.
