Traders about CashFx Overall, the people share good and bad experiences all over the comment section for the Cash FX broker. But clients are usually not satisfied with the withdrawal process and in the trading process in general. Many of them claim that they were scammed and they lost a lot of money, while many claim that they managed to make some.

NuCypher Crypto: From Obscurity, to Near Ubiquity A week ago, the NuCypher decentralized threshold cryptography network (thats quite the mouthful) wasnt on many folks radar. It was presented as a new way to manage infrastructure secrets across environments. It also offered the ability to grant or revoke access to data across public networks.

I understand that many will pause and treat this post with derision upon reading the title. However, the more I read about Hydra, the more it seems that the team is trying to reach a compromise and make it work as opposed to working with the best scaling solution. I recently made a post referencing a comment thread/discussion between an ethereum zk-rollups supporter and the cardano community .

Such nodes require extraordinary amounts of storage and memory. It often takes hours to join and sync to the network with a full node. Running a full node with cloud services will likely require you to pay a monthly service fee. Compare this with using a light node. These take up less space and can be small enough to run on

mobile devices.
