Heres how you can lend your crypto. All set to start lending your crypto to add an extra stream of revenue and grow your assets? You can do that in multiple ways. But choosing the way that best fits your needs will make your life easier. Decentralized protocols such as Compound or Aave will lend your crypto for a set interest rate. Once there, you can transfer the crypto you want to lend and wait for it to generate interest for you.

Lend crypto to passively make money from assets that you're not currently using. As a lender, you can gain money through interest on your crypto perfect for earning passive income on assets you're hodling. You can also participate in lending economies as a borrower. This lets you take out a leverage position on your crypto holdings or gain short-term liquidity.
