What is the best cold storage for crypto? A: Since crypto is so volatile, it is best to keep your coins and tokens in a wallet that you control the private keys for. This way if there were any hacks or misappropriation of funds, then you would be able to recover them quickly with access to your own private key.

Solana aims to improve blockchain scalability by using a combination of proof of stake consensus and so-called proof of history. As a result, Solana claims to be able to support 50,000 transactions per second without sacrificing decentralization. SOL is not yet available on Coinbase.com or via our Consumer mobile apps. We will make a separate announcement if and when this support is added.
