The lawsuit follows enforcement actions by the SEC against various startups that had Initial Coin Offerings (ICOs) which sold assets often called cryptocurrencies to the general public. A major issue in these cases was whether the assets were securities. The SEC said yes.

Cryptocurrencies are getting popular day by day. However, digital currencies still have significant risks despite the blockchains security. So, if youre going to engage in exchanging cryptocurrencies, you should first find a secure crypto exchange. This is where the problem starts. Most crypto exchanges claim that they are safe, whereas their users are not happy.

The opportunity to become the dominant social network, social media blockchain rather, is so huge that there are many others vying for that crown. The safest strategy of all would be to get a small allocation to a few different social media blockchains so that you’ve a higher chance of having a position in whichever one or group of networks wins out.
