Is Coinbase a Good Buy for 2022? The Motley Fool

For Coinbase, this is not a usual IPO where the company goes public by issuing shares to new shareholders, raising funds in the process. Instead, they opt for a direct listing where they do not need to pay to investment banks like a traditional IPO for all the marketing work but they also don't raise any money in the process.

This API lets brokers build a bridge to connect their backend systems to the TradingView interface, so that broker partners then can be supported on the TradingView Web Platform. The integration is very straightforward. The broker builds a REST Web API on its own servers based on our specification so that it can be connected to TradingView. TradingView provides a sandbox and required technical assistance to get your TradingView Web Platform integration started.
