So, in this context, Storj is worth buying. Is Storj a good investment? Storj is, just like all other cryptocurrencies, a risky investment. It does have higher probability of going up than down because of the good use case, well-designed tokenomics, active community and a solid team behind it. How much will Storj be worth? For the short-term future, it could reach \$1.86.

Storj Awareness Score. The awareness score indicates how well Storj is known in the main stream. Its all very well for a project to have a discord channel to have 1000 users chatting all day about how great the Storj is but a good measure of longevity is how well the project is known by the general public.

Centralized crypto is somewhere between decentralized crypto and the traditional system, but it is the worst of both worlds. Centralized crypto is not immutable (transactions can be reversed, look at ETC), it's not trustless and it's not censorship resistant which are the most important benefits of a decentralized blockchain.

Storjs is noble and good, but unfortunately, it is facing very stiff competition, and it is probably a major reason why its price is expected to struggle in the next few years. Apart from traditional competition from the likes of Google and Amazon, Storj also faces competition from the crypto market, namely Siacoin and especially Filecoin.

Hail Hydra. I think it used to be 180% apy. I don't remember what they do (something about hotels, I think), but they've kept those returns high for a few months now and saw a lot of growth (maybe bc so many are staking it). Its chart looks really nice at the moment, but I guess many do today.

Crypto Option Strategies The great thing about options is that you can combine them in order to structure a range of well-known option strategies and spreads. These will allow the trader to profit from movements in not just the price of the asset but also on general movements in the underlying volatility.
