Online exchanges differ from cryptocurrency exchanges in that they solely focus on converting crypto to fiat, and charge a pretty high markup for the service. Exchange commissions usually vary from 4% to 7%. Its best to select an exchange that has established a reputation of over a minimum of two to three years of good work in the market.

We make it safe and simple to buy and sell cryptocurrency. From day one, we designed and built Kraken for newcomers and experts alike. While we're proud to be one of the largest bitcoin exchanges, serving clients in over 190 countries, we're just as excited about helping people discover the world of crypto and expand their portfolios to include other digital assets.

A cryptocurrency exchange also called a Digital Currency Exchange (DCE), is a business that enables you to trade digital currencies or cryptocurrencies. In other words, it provides liquidity for you to trade your cryptocurrency for USD, stablecoins, or other altcoins. The buying and selling of orders on the exchange help determine the market price of a cryptocurrency.
