Our trading systems are algorithmic or rules based and are used to make trading decisions in the financial markets and generate long and short trading signals that can be traded automatically in the futures, ETFs, and stock markets around the world. Our strategies can be leased or purchased and fully automated on your computer or server. Due to the complexity of Market Timing & Systematic Entries, we do not sell strategies off the shelf in order to avoid automating a strategy in a .

Some Bitcoin trading sites offer trading in Demo Mode for newbies or a Demo Account, which is pretty much the same. Trading with play money helps you to understand the functionality of the platform and simply get used to using it. If you feel secure because you are familiar with placing orders and the way the system reacts and executes those orders, then you are ready to trade with your real Bitcoin.
