The good thing about crypto trading is that you are not required to maintain a required minimum amount of deposit in your wallet. The transaction fee, more often than not, is deducted as a percentage of the amount of your initial capital. This is why you do not have to be bothered by the investment money required in crypto trading.

Audius. (. AUDIO.) AUDIO is a governance and staking token that powers the Audius decentralized music streaming platform. Artists can upload their music directly to the Audius platform for listeners to access for free. Network providers then host the content and provide the backend infrastructure for content serving.
