For US customers, Coinbase uses the traditional ACH bank transfer system to collect money from your bank. The ACH bank transfer system is not built for speed this is why the digital currency takes 4-5 business days to reach your wallet after initiating the purchase.

The primary methods of funding for Coinbase in the United States are: Credit Card / Debit Card: You can spend up to \$7,500 per week instantly once your debit or credit card clears. Bank Transfer: Once verified, this allows for the noted \$25,000 daily limit to apply. You can make purchases of cryptocurrencies immediately but may not be able to take funds off Coinbase until the bank clears the funding.
