Your long-term crypto investment involves maintaining it for a period based on your investing goals. Typically, long-term investors hold their investments for several years or decades to grow their returns. So, if you believe blockchain-based technology will explode in the future, investing in crypto for the long term can be a great option.

Since the corona capitulation, ALGO has been trading inside a well-defined bullish uptrend. With the recent fall of BTC, it's only natural that alts like ALGO will follow. However, ALGO is closing in on the support line of the bullish channel, making it likely that ALGO will bounce in the near future.

If there is a huge fall in price of the cryptocurrency in question, then that too might be a good time to buy Bitcoin because you can buy it at a low price. If you have already decided to invest in cryptocurrencies, then it might be a good idea to start by investing in Bitcoin.
