Coinbase offers simple and advanced trading platforms on Coinbase.com. Advanced trading is intended for a more experienced trader and enables traders to interact directly with the order book. Fees vary based on the trading platform. Content in our trading and educational materials are for informational purposes and is not investment advice.

on coinbase pro the fees decrease if your trade volume over the last 30 days reaches certain thresholds so it starts at 0.5% but can be lower depending on how much you trade, is this the case with advanced trading?

Edit: Just saw that advanced trading also has this property and the fees for each bracket are actually lower than in coinbase pro, definitely worth it.
