Liquid is an online cryptocurrency exchange where you can trade a wide range of fiat/crypto and crypto/crypto currency pairs. Its innovative order book, called the World Book, combines a global network of liquidity sources in order to provide access to a higher level of liquidity and better price matching. The site also offers Liquid Margin, where you can trade with up to 25x leverage, and has its own utility token known as QASH.

Binance used to offer non-verified accounts and still lets longtime unverified users make limited withdrawals for the time being. For new customers, however, the company is complying with Know Your Customer (KYC) verification. This means that, if you're looking to sign up for an account, you must be verified.

Head over to the Binance website and click on Register from the dashboard. 2. You will be redirected to a page where you will need to enter your email address and create a password. There is also an option to use your mobile number. 3. Input your email address or phone number and password, and then agreed to Binances Terms of Service.
