Anyone else also got problems with facial verification? I have been trying lots of times for a few days already and it kept saying that verification failed for some reason. Update (30th November): Binance escalated my ticket and asked me to send them a video of my face and ID for verification purpose.

Generally this process can be completed in a few minutes, though in some cases verification may take a few business days. Please allow us time to review your application. Please do not file multiple support tickets as this will not speed up the verification process and could potentially delay verification. See you soon on Binance.US!

If you have any cryptocurrency on eToro, then follow these steps to sell: Log in to your eToro account. On the left side menu, click on Portfolio. A project coin with terrible code can go up in price, and a project with good code and a good team can also go down in price. Do NOT use our ratings to refer to your likelihood in making money if you invest in the project. They are ONLY in reference to code safety. Everything else beyond code safety is YOUR responsibility to go do research on.

Venus is a simple lending and borrowing platform where De-Fi users can lend their crypto assets to earn interest on them. Users can also borrow assets from the market by paying interest. This in turn creates a fair and secure environment for lending and borrowing of assets. But, is it only about lending and borrowing of assets and nothing more?
