Crypto Option Strategies The great thing about options is that you can combine them in order to structure a range of well-known option strategies and spreads. These will allow the trader to profit from movements in not just the price of the asset but also on general movements in the underlying volatility.

Hydra is an iteration upon a well-known concept of state-channels, which typically take the form of dedicated communication protocol between 2 participants, advancing according to some rules. With Hydra, the channel can be multi-parties, isomorphic and comes with strong security.
