API stands for Application Programming Interface. As the name already suggests, it is an interface used to

link the ProfitBird platform with the exchanges. If you provide your ProfitBird account with the API Key and Secret of your Coinbase Pro account, then the ProfitBird Platform is able to invest and trade on your exchange account on your behalf. So the API Key and Secret act as a unique identifier for authentication.

Contacting Coinbase - by phone or otherwise. While 888-908-7930 is Coinbase's best toll-free number, there are 3 total ways to get in touch with them. The next best way to talk to their customer support team may just be to tell GetHuman about your issue and let us try to find the best way to contact them or find help for that particular issue. Besides calling, the next favorite option for customers looking for help is via support@coinbase.com for Customer Service.

After repeated attacks in 2019, the New Zealand-based Cryptopia exchange lost roughly \$16 million to \$18 million in crypto. Although services were later suspended, a court deemed in May 2020 that users of the exchange are entitled to have their holdings returned. This kickstarted the claims process, bringing some relief to the users.

An API Key can be considered as a username. This is generated by the exchange once you declare your settings. An API Secret or API Private Key is simply another string of characters that must be used in combination with the API Key to establish the connection. An additional security layer can be added by generating an API Passphrase. While the API Key and Secret are generated by the exchange, the Passphrase is commonly generated by the user.
