5 Best Platform for Bitcoin Trading You Should Know .

Whichever youre looking to trade, these are some of the best platforms on which to do it. Best Overall: Coinbase Pros. Coinbase is one of the most well-known cryptocurrency exchanges in the world, and one of the most popular. There are a lot of good reasons for this. Perhaps the best part of Coinbase is the platforms design.

Just ask NBA player Kevin Durant, founder of Thirty Five Ventures. Durants company recently agreed on entering a multiyear partnership focused on marketing with Coinbase, a major cryptocurrency exchange platform. Kevin does very, very few brand deals and that was by design, Rich Kleiman, co-founder of Thirty Five Ventures, told Bloomberg.

IQ Option has the best trading platform of all the brokers I've reviewed. They have over 250+ assets to trade including binary options, digital options, as well as CFDs on stocks, crypto, commodities, and ETFs. Their binary options pay up to 95% on successful trades, while their digital options offer return rates up to 900%

Paxful recently re-designed themselves and jumped right to the top when it comes to being the best Bitcoin trading platforms. Its a P2P exchange, which connects buyers and sellers and only acts as a mediator. It has absolutely no geographical restrictions.
