Sure, there are no issues in mining directly to your coinbase wallet address. However it is not recommended. Its not that coinbase dont recommend sending mining payouts to coinbase wallet. But because it is unreliable. At times due to heavy trading activities coinbase server goes offline and during such time your mining payouts may get lost.

Mining is the process that Bitcoin and several other cryptocurrencies use to generate new coins and verify new transactions. It involves vast, decentralized networks of computers around the world that verify and secure blockchains the virtual ledgers that document cryptocurrency transactions. In return for contributing their processing power, computers on the network are rewarded with new coins.
