Crypto exchange business is regulated to some extent in most of the EU countries due to AML 5th directive, which means that eventually it will be regulated in all countries. When setting up, make sure you are informed about the regime in your jurisdiction as no one will open an account for a regulated business without a license.

The choice of jurisdiction to start a crypto exchange determines the laws and trends, which include taxation, accounting, and business management. In different regions, the regulation conditions can vary greatly, from a clear set of regulations to the prohibition or complete lack of regulation.

Now Crypto Music is a little bit different than Audio NFT's. Instead of minting audio tokens, you're storing and streaming your music on the blockchain via a dApp platform. The way you can be paid from the platform is in the form of governance token airdrops that can be traded for major coins like ETH and liquidated through an exchange.

Any good apps or tools for auto trading? I saw one on the app store that looked promising but a lot of people said the app wasn't very good. I've been wondering if there was a way I could be involved in crypto, but my schedule's kind of weird right now. I was hoping if there was some way I wouldn't have to monitor my stuff every few minutes.
