Time Taken For A Binance Coinbase Transfer. For getting an insight into what is really happening in the crypto markets and how crypto traders are experiencing things on a day to day basis, it would be a good idea to check out their actual conversations.

I'm transferring from a US bank and Coinbase/GDAX is another US bank (in California) All transfers were made throughout the day, time doesn't matter. Treat any federal holiday as if it's a weekend. Wire deposit to Coinbase/GDAX took less than 2 hours (likely faster since I wasn't sure exactly when my bank sent the wire) Transfer amount doesn't matter. These have been my results as I noticed by my own transfers plus I ran a few dozen tests at various times.
