CEX.io was founded in London in 2013, popular in the USA because it's a licensed exchange with high liquidity that's currently available across 31 US States. The platform allows you to deposit both fiat and cryptocurrencies which is something that not many exchanges offer. CEX.io offers cross-platform trading and margin trading with up to 10x leverage, but we don't suggest these trading options to beginners as they require extensive knowledge of the market.
