short way would be to get your ERG to coinex or kucoin, then sell it for USDT and send USDT binance. do some math and see if going ERG -> USDT -> XLM, then transfer XLM to binance, XLM -> USDT -> whatever coin you want, is cheaper. XLM transfer is very fast and cheap, but you must check the fees for conversion. 1 Reply Share ReportSave level 2

Does Binance report to the IRS? Binance, a Malta-based company, is one of the most popular crypto exchanges in the world. However, it is no longer serving U.S.-based traders, so Binance does not report to the IRS. instead, it operates a separate site for Americans traders: Binance.US. Nevertheless, U.S. traders should absolutely include original Binance.com records in their crypto capital gains and capital loss tax calculations.
