Gemini ActiveTrader is a trading interface that offers advanced charting, additional trading pairs, order types, and deeper order book visibility. Once logged in, this will take you to your Profile Settings page where you can enable the ActiveTrader UI. You will also be able to switch between Gemini User Interfaces. Our ActiveTrader fee schedule can be found here.

Orders placed via our ActiveTrader interface (each, an Order) are subject to the rates on this schedule. Gemini utilizes a maker-taker fee model for determining trading fees for all Orders. Liquidity-making Orders are charged different fees than liquidity-taking Orders. If you place an Order that is filled immediately, this Order takes liquidity from the marketplace and, therefore, you are considered a taker and will be charged a taker fee.
