As you can see, we have all the components of a good forex trading system. First, we've decided that this is a swing trading system and that we will trade on a daily chart. Next, we use simple moving averages to help us identify a new trend as early as possible. The Stochastic helps us determine if it's still ok for us to enter a trade after a moving average crossover, and it also helps us avoid oversold and overbought areas.

And if you're going to hold a cryptocurrency trading app in your pocket, then Coinbase is the one to choose. Why: Quick access to trading, which can be very useful for an extremely volatile asset.
