In this period of crypto regulations and KYC verifications, choosing the right exchange for your needs is more and more important: So I decided to write a little guide about the pros and cons of the most and less known exchanges (also because I didnt see a proper list in this subreddit),If you want to let other people read this guide, consider upvoting (I worked a lot to create this post).

IMO, kraken is the best exchange. It's the mix of many factors: They don't have as many altcoins as Binance but still many, they offer staking for some coins (although not many and not the best rates), they are a registered company in a country with a solid legal system and with real offices and known people (unfortunately that means you need to do their terrible KYC process), you can buy .
